DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Sweden on 9/12/02. It is noted, however, that applicant has not filed a certified copy of the 0203631-7 application as required by 35 U.S.C. 119(b).

Claim Objections

2. Claims 2 and 16 are objected to because of the following informalities: in claim 2 an improper label "(Previously Presented)" has been used. It should be – (Currently Amended) --; and in claim 16 there are words missing at the term "and" in line 2. Appropriate correction is required.

Specification

3. The disclosure is objected to because of the following informalities: the meaning of the term "PVAC" (page 3, line 7, etc.) is not set forth in the specification. Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. Claim 17 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it

Art Unit: 1772

pertains, or with which it is most nearly connected, to make and/or use the invention.

The meaning of the term "PVAC" has not been set forth in the disclosure which renders the scope of the claimed unclear.

5. Claims 32 and 33 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. There is no original disclosure directed to "at least one of said segments ... length of the groove" as set forth in claim 32, lines 7-8.

Allowable Subject Matter

6. Claims 1, 2, 4-9, 11-16, 18-31, 34 and 35 are allowed.
